

Connecting Communities

Dementia

Bridging the Gap

Do you know or support someone living with Dementia?

Dementia Confident Communities is a partnership project that is offering **FREE online zoom and face to face** support sessions lead by expert trainers. These sessions are aimed for carers as well as volunteers and professionals and will offer some practical tips and guidance when looking after someone living with Dementia. It is aimed to help you to feel more connected and confident when supporting anyone living with Dementia.

If you would like to find out more please click the link below and book yourself on to one of our free sessions
